

Student Name: _____

Assignment: Chair Design - Concept Sketches

Teacher: Mr. Elsie

Learning Goal: Students are learning to develop and apply the major elements and techniques of sketching fundamentals**Success Criteria:**

- I can demonstrate and apply the major elements and techniques of sketching fundamentals to create unique chair design concept sketches

Assignment Objective: Students are learning to develop and apply the major elements and techniques of sketching fundamentals to create unique chair design concept sketches.**Chair Design - Concept Sketches Rubric**

Level 2	Level 3	Level 4
Approaching Requirements/Criteria	Meets Requirements/Criteria	Exceeds Requirements/Criteria (with great attention to detail)
	Assignment Requirements (K/U) <ul style="list-style-type: none"> <input type="checkbox"/> Researched 5 chair designs as inspiration <input type="checkbox"/> Created 3 concept sketches of unique chair designs <input type="checkbox"/> Designs are simple seats that focus on comfort and function <input type="checkbox"/> Concept sketches are drawn on paper with pencil initially and then outlined for emphasis with a fine point marker if preferred <input type="checkbox"/> Provides a description under one of the designs that explains the concept (ie: comfort and function) and why you like it most 	
	Shape (APP) <ul style="list-style-type: none"> <input type="checkbox"/> Sketches apply effective use of shapes and 3D forms to create well proportioned sketches of their chair designs <input type="checkbox"/> Overall, more attention to scaling and distorted shapes will help create a more realistic and three-dimensional appearance 	
	Line (APP) <ul style="list-style-type: none"> <input type="checkbox"/> Sketches apply proper lines types that effectively display a good understanding of texture, consistency and proportion <input type="checkbox"/> Most lines are parallel and connect with proper angles and/or curves <input type="checkbox"/> Overall, additional detail will help create a more realistic and three-dimensional appearance 	
	Tone (APP) <ul style="list-style-type: none"> <input type="checkbox"/> Sketches apply proper tones that effectively display good understanding of light and shadow <input type="checkbox"/> Overall, additional detail will help create a more realistic and three-dimensional appearance
